CAREER OBJECTIVE

A Final—Year Computer Science and Engineering student aspiring to become a Java Developer with a strong interest in web development and building creative software solutions. Possesses a solid foundation in java, Object-Oriented Programming (OOP) and web development. Seeking opportunities to develop scalable applications and contribute to meaningful software development projects.

EDUCATION

Bachelor's degree at Computer Science and Engineering (CGPA : 7.77 / 10.0)
Nandha Engineering College 2023 – 2027

PROJECTS

Live age calculator: June-2025

Built a real-time age calculator that updates every second based on the user's date of birth. Features a responsive interface that displays years, months, days, hours, minutes, and seconds, along with a countdown to the user's next birthday. Built using HTML, CSS, and JavaScript.

Word and Letter counter: July-2025

Created a simple web application using HTML, CSS, and JavaScript that instantly counts the number of words, letters, and spaces entered in a text area. Provides a clean and responsive interface for quick text analysis.

BMI Calculator: Apr-2025

Designed a BMI Calculator that allows users to enter their height and weight to instantly calculate their Body Mass Index. The application classifies the result as Underweight, Normal, Overweight, or Obese. Built using HTML, CSS, and JavaScript with a user-friendly interface.

TECHNICAL SKILLS

HTML, CSS, JavaScript, Git VCS, Java, AWS, Linux, Docker, Kubernetes, Jenkins, CI/CD, MySQL.

INTERNSHIPS

Full stack web developer at twin cord technologies Jun 2025 - Jul 2025

Worked as a **Full Stack Web Developer Intern** at Twin Cord Technologies, where I contributed to the development of web-based applications by building responsive front-end interfaces using HTML, CSS, and JavaScript, integrating RESTful APIs, and managing MySQL databases. Collaborated with the development team to implement application features, perform testing and debugging, and deliver user-friendly solutions while gaining hands-on experience in real-world software development practices.

CERTIFICATIONS

Front end development	completed introduction to front end development in skilllearn.
Prompt engineering	completed basic prompt engineering.
